PURPOSE

The Raymer Financial Scholarship fund was developed to encourage people in our community to build leadership skills through post-secondary education.

We recognize that by empowering someone willing to learn, we set them up to become strong decision makers and influencers who will help to shape our community for years to come.

This scholarship program provides funds to those who have special financial needs, and encourages their pursuit of a post-secondary education (college / university / trade school). New grads and mature students are eligible to apply.

The Raymer Financial Scholarship Fund is a program administered by The Tavistock Assistance Program, and a selection committee directs the funds.

The financial award is based upon the needs of the applicants, and will be made on a semester or annual basis, whenever funds are available. The monetary value range of the award will be between \$500 to \$1500 per school year.

Recipients are eligible to apply in subsequent years if the need is required.

The program is managed confidentially.
